 SCHOLARSHIP

Haley, G., & MacMillan, D. (2019, February). *Development of a RE-AIM Course for Nursing Success at Georgia College & State University*. Podium presentation at the 2019 Georgia Association for Nursing Education Conference, Pine Mountain, GA.

Haley, G. (2019, November). *Development of a RE-AIM Course for Nursing Success at Georgia College & State University*. Abstract accepted for podium presentation at the 2nd World Congress on Nursing Healthcare, Paris, France.

Haley, G., MacMillan, D., Goldsberry, J., & Roberts, S. (2019, August). *Development of a RE-AIM Course for Nursing Success at Georgia College & State University*. Abstract accepted for podium presentation at the 12th National Doctor of Nursing Practice Conference, Washington, DC.

Haley, G. (2020, April). *Development of a RE-AIM Course for Nursing Success at Georgia College & State University*. Abstract accepted for podium presentation at the 2019 Nursing and Healthcare Conference, Houston, TX.

Successfully defended doctoral practice project titled, “Improving Heart Failure Core Performance Measures in a Hospital Environment” on initial competency evaluation (2009).

Served as Sub-Investigator for:

- 1) The PRECISION Study, a randomized, double blind, parallel-group study of cardiovascular safety in osteoarthritis or rheumatoid arthritis patients with or at high risk for cardiovascular disease comparing celecoxib with naproxen and Ibuprofen.
- 2) Appraise – 2, a phase 3, randomized, double-blind, evaluation of the safety and efficacy of apixaban in subjects with recent acute coronary syndrome.
- 3) Dal Outcomes, a phase 3, randomized, double-blind, placebo-controlled study to evaluate the effects of dalcetrapib on cardiovascular risk and stable CHD patients with documented recent acute coronary syndrome.

Served as Research Coordinator for:

- 1) Plato, a randomized, double-blind, parallel group, phase 3, efficacy and safety study of AZD6140 comparing clopidogrel for prevention of vascular events in patients with non-ST or ST elevation acute coronary syndromes.
- 2) IMMEDIATE trial, a NIH National Heart, Lung, Blood Institute sponsored study that tested whether giving an intravenous solution of readily available medication (glucose, insulin, and potassium) is helpful to patients at the first signs of a heart attack.

PAST RESEARCH INPUT (DATA COLLECTION/PATENTS/PUBLICATIONS IN COLLABORATION WITH E. JAMES, MD WHILE EMPLOYED AT MERCER UNIVERSITY)

“Pacer Sensors: Clinical Outcomes and Quality of Life Data in Elderly

Patients with Sinus Node Dysfunction. Pacer Sensor sub-study from the Mode Selection Trial in Sinus Node Dysfunction (MOST).” Shukla, H, Flaker G, James E, Hellkamp A, Lee K, Goldman L, Orav E, Lamas G. Finalist in 3rd Annual Cardiology Fellows Forum of Excellence-AHA 2003.

“The relationship of QRS duration and Left Ventricular Ejection Fraction in predicting inducibility in patients with syncope.” Shukla H, James E, Schutz J, Lloyd B, Bedi A, Flaker G. Oral Abstract presented at Southern Medical Association November 7, 2003. Published in Southern Medical Journal 2003 96(10), S8 (supplement).

“Window to the Heart: The value of a native and paced QRS duration. A current perspective and review.” Shukla H, James E, Schutz J, Lloyd B, Flaker G. Journal of Interventional Cardiac Electrophysiology 2003; 9(3):333-342.

“Doppler Estimation of Pulmonary Artery Pressure on Intraoperative Transesophageal Echocardiography is Accurate but not Representative of Preoperative Pulmonary Pressures.” Aggarwal K, Shukla H, James E. Accepted to American Society of Echocardiography 14th Annual Scientific Session 2003.

“Vasospasm within a myocardial bridge presenting as left arm pain and hyperacute T waves in a 59 year old white female receiving 5-fluorouracil for gastric carcinoma.” Langhammer C, James E, Best J. Poster Presented at Missouri ACP Meeting, September 2002.

“Molecular Analysis of McArdle’s Disease: Preliminary Findings.” James E, Sweat C, Adkinson LR. Southern Genetics Meeting, Student Section, Ft. Walton Beach, July 9-13, 1996.

COMMUNITY ACTIVITIES

Since becoming a Registered Nurse in 1993, I have voluntarily provided health education and promotion to the community through speaking engagements, seminars, workshops, and health fairs particularly through my church, friends’ churches, and local schools.

Current member of Pitts Chapel United Methodist Church in Gray, GA.

Past member and Lay Leader (for over 10 years) of Bass United Methodist Church, Macon, GA.

Member of Sons & Daughters of Pearl Harbor Survivors Association.

Past Secretary/Treasurer of Pearl Harbor Survivors Association (PHSA founded in 1958 – Federal Charter officially disbanded in December 2011 due declining membership as a result of the aging members).

Member of the North American Trail Ride Conference (NATRC): Competitive trail rider and serve as a first responder for riders, volunteers, and other participants as needed.

Brave Meadows Therapeutic Riding Center: Volunteer at an equine therapeutic riding center as a lesson's instructor for children with physical and/or mental limitations and military veterans.

Past Involvement:

- Georgia Cancer Society: Served as member and chairperson on numerous committees over a 10-year period of time during 1980-1990s.
- March of Dimes: Member of Executive Committee and Board of Directors. Served as member and chairperson on numerous committees over a 10-year period of time during 1980-1990s.
