CC List: 13-46:sallie.coke@gcsu.edu

Dear Sallie Coke:

E\*Value has detected that a participant in your educational program has received scores below the minimum threshold defined by the program.

You can review evaluation information at:

<https://www.e-value.net?a=5DC82F1481C5FA3727DBD66280A73647>

Below is a summary of the evaluation and the substandard score(s):

Evaluator:  
Evaluator Email:  
Time Frame: Summer 2019 (05/13/2019 - 07/05/2019)  
Course: NRSNG 7010: Primary Care of Adults II  
Institution Name: GCSU  
Program Name: MSN: NP  
Evaluation Type: Student Evaluation of Preceptor  
Subject:

1. The subject scored 1.0 out of 3 for this question:  
Topic: Communicates with student in a professional manner.  
Communicates with student in a professional manner.

Scale Label

- 0 N/A: No opportunity, Not observed, or Not applicable
- 1 Needs Improvement
- 2 Met your expectations
- 3 Exceeded your expectations

2. The subject scored 1.0 out of 3 for this question:

Topic: Gives student appropriate clinical and EBP based feedback taking into consideration cost, reimbursement, quality, ethical, and culturally sensitive patient care factors.

Gives student appropriate clinical and EBP based feedback taking into consideration cost, reimbursement, quality, ethical, and culturally sensitive patient care factors.

Scale Label

- 0 N/A: No opportunity, Not observed, or Not applicable
- 1 Needs Improvement
- 2 Met your expectations
- 3 Exceeded your expectations

3. The subject scored 1.0 out of 3 for this question:

Topic: Arrives on time and gives notice when not able to provide clinical time.

Arrives on time and gives notice when not able to provide clinical time.

Scale Label

- 0 N/A: No opportunity, Not observed, or Not applicable
- 1 Needs Improvement
- 2 Met your expectations
- 3 Exceeded your expectations

4. The subject scored 1.0 out of 3 for this question:

Topic: Demonstrates initiative to maximize learning opportunities for the FNP student.

Demonstrates initiative to maximize learning opportunities for the FNP student.

Scale Label

- 0 N/A: No opportunity, Not observed, or Not applicable
- 1 Needs Improvement
- 2 Met your expectations
- 3 Exceeded your expectations

5. The subject scored 1.0 out of 3 for this question:

Topic: Preceptor encourages appropriate pharmacological treatment and allows student the opportunity to write or Eprescribe prescriptions accurately.

Preceptor encourages appropriate pharmacological treatment and allows student the opportunity to write or Eprescribe prescriptions accurately.

Scale Label

- 0 N/A: No opportunity, Not observed, or Not applicable
- 1 Needs Improvement
- 2 Met your expectations
- 3 Exceeded your expectations

Comments included in the evaluation:

Question: Examples from Overall section

Discussion of cases was not done without my initiative, we did not openly discuss why treatment plans were

chosen, I had to repeatedly inquire and probe with appropriate questions. It was not as open and comfortable as my 1st clinical experience

---

---

Question: Examples from Professionalism section

I was not informed of vacation days scheduled, was told by others

---

---

Question: Examples from Teaching section

Was not allowed to prescribe, I was able to suggest treatments before they were ordered, and preceptor would either agree or not

---

---

Question: Please list any positive attributes for your preceptor.

Very knowledgeable, efficient, and great preparations for the next day group of patients. Also, was personal in her care, d/t returning phone calls to patients herself

---

---

Question: Please list any areas for improvement in regards to your preceptor.

Communication was a little strained Information and teaching was not as voluntarily given as with my 1st clinical

---

---

Below is a summary of the evaluation and the substandard score(s):

Evaluator:

Evaluator Email: 

Time Frame: Fall 2018 (08/20/2018 - 12/14/2018)

Course: NRSNG 7030: Primary Care of Women

Institution Name: GCSU

Program Name: MSN: NP

Evaluation Type: Preceptor Feedback on Student

Subject:

1. The subject scored 1.0 out of 3 for this question:

Topic: Arrives on time and gives notice when not able to attend. (1)

Arrives on time and gives notice when not able to attend. (1)

Scale Label

0 N/A: No opportunity, Not observed, or Not applicable

1 Needs Improvement

2 On track for this level in the FNP Program

3 Above Average

Comments included in the evaluation:

Question: Examples or Elaboration from MSN Program Outcomes: 1,3,4 section

In our clinical setting we deal with subject matter that can be difficult for patients to share about. I appreciated that was able to easily build a rapport and approach patients in a non-judgmental manner. She was knowledgeable about the subject matter and asked questions when she did not know.

---

Question: Examples or Elaboration from MSN Program Outcomes: 7 section

At times she did let me know when she would be coming late, or would not be present, but at other times this was not communicated. In her last email to me on Dec. 12th, she stated that she was sick that day and would come this week, but I have not heard from her (as of 11:40am on Wednesday, Dec. 19th) despite my following up via email yesterday. She was able to enter the room alone to take a history, and completed the physical exam with appropriate assistance. She didn't hesitate when presented with a new learning opportunity, she embraced it and asked questions appropriately.

---

Question: Please elaborate on any additional praise or concerns you have regarding the student, faculty, or program.

I enjoyed my time with and wish her all the best as she progresses in the program.

---
